## FINANCIAL AND COMMERCIAL.

The stock market continued unsettled to day, with onsiderable irregularity in prices. At the early session of the open board New York Central closed at 98%, of the open board New York Central Grosse at 18%, Rrie 93%, Reading 114, Michigan Southern 75%, Cleve-land and Pittsburg 93, Northwestern 32%, preferred 66%, Fort Wayne 103, McGregor Western 27%, Toledo, Wabash and Western 54%, Ohio and Mississippi certifi-Wabash and Western 34%, Ohio and Mississippi certificates 2934, Canton 45%. At the first regular board Eric closed 14% lower than at the second board yesterday, Hudson River &, Reading &, Michigan Southern 134, Cleveland and Pittsburg 5, Alton and Terre Haute 1, Fort Wayne &, Canton &, Ohio and Mississippi certificates &. New York Central was % higher. Northwestern preferred, Toledo, Wabash and Western and Quicksilver were unchanged. latter company, held to-day, the following gentlemen and T. F. Secor. Government accurities con-d dull and slightly degressed. Five-twenties of econd issue (1864) sold at 100%, against 100% yea-y. Seven-thirty notes were steady. After the prices submitted to a further decline, subsequently railied, and at the open board at one o'clock Eric recovered from 92% to 94, New York

Central from 97 to 97%. Michigan Southern advanced to 77%, and Cleveland and Pittsburg to 93%. At the second board the market was firmer, and Michithern and Pittsburg, under the operation of the respective cliques, were strong. The former closed 214 higher than at the first board, and the latter 3, Erie 1, Reading %, Fort Wayne %, Northwestern preferred % Ohio and Mississippi certificates 14. Rock Island was 14 ower, Canton 1/6. New York Central and Toledo, Wabash and Western were unchanged. Prairie du Chien sold at 150. Government securities were further depressed, in consequence of sales on account of country banks whose counts good at this centre, and also of apprehensions with regard to the relations of this country with France and Mexico. It is generally understood, however, that although the subject of these relations was gravely discussed at an unusually prolonged session of the Cabinet on Tuesday, it was decided that no serious action should be taken by the government pending the meeting of atly before it for deliberation. Meanwhile it may, it is surmised, be diplomatically intimated that the of more French troops to Mexico will not be regarded with favor by the United States. In Wall street the probability of our foreign affairs taking an unfavor able turn is regarded by most persons, however, as very remote. Coupon five-twentics of the second issue (1864) were 3 lower, selling at par. A sale of the third issue (1865) was also made at par; but on the street previously the last were quoted at 99% a %. Seven-thirty notes of the second series experienced a further decline of 14, selling at 96%. This weakness of the government list encouraged the rumor that another funding loan was e placed on the market, but there was no foundation in fact for it. Mr. McCullech does not intend to do anything to disturb the existing condition of affairs till after the sense of Congress is taken upon the subject

dull and nearly steady. Eric closed on the call at 93%, New York Central (s. 10) 97, Hudson River 106%, Reading 11514, Michigan Soutnern 7634, Cleveland and Pitts-burg 9534, Rock Island 10734, Northwestern preferred 66%, Fort Wayne 103%, McGregor Western 26%, Toledo, Wabash and Western 53 %, Ohio and Mississippi certificates 5 %. Afterwards, on the street, the volume of transactions was limited, and the market closed dull but steady. At 5:20 P. M. New York Central was quoted at 98, Eric 94%, Michigan Southern 76% a %, Cleveland and Pittsburg Northwestern preferred 66%, Fort Wayne 103%.
There was an active demand for money on the Stock

xchange to-day, and lenders showed more discrimina tion in the choice of collaterals. Good houses were however, promptly accommodated, on first class secuflated fancy stocks is on the increase, both amon lenders and operators, owing to the manner in which Prairie du Chien has been cornered. 'The injunction granted by Judgo Sutherland restraining the the preferred stock (authorized on the lease of the Mc Gregor road) into common has been much commented was granted, for the difference between the present and some future price of the common stock, after the corner is dissolved, on the amount of about half a million of stock. Article 20 of the lesse inden-

It is further understood and agreed that the party of the second part (the McGregor Western Company) may issue its second preferred or common stock instead of its first preferred stock for all or any of the purposes for which in this agreement the issue of first preferred stock is mentioned, and that all and singular the pro-visions hereof in respect to using the earnings of the said railroad, to retire such preferred stock or to pay interest thereon, shall apply to the said second preferred or common stock, provided, always, that such second pre-ferred stock or common stock shall not be used for such purposes in the place and stead of first preferred stock, unless it can, on issue, be sold at par for cash in New York.

A general idea of the terms of the lease of the McGregor Western road will be obtained from article 1 of the same

This contract shall continue and be in force and operation for and during the period of nine hundred and ninety-nine years from the time of taking possession thereander of the first sixty miles of the said railroad, extending west of the Mississippi river, of which sixty miles forty miles, extending from the Mississippi river to Ossian, in the State of lowa, shall be taken possession of on the written assent to this contract by a majority of each class in interest of the stockholders, of the party of the second part (the McGregor Company), and on the written assent thereto of the bondholders of the party of the first part to the amount of \$480,000, as specific in the seventeenth article of these presents; and possession of the remaining portions of the said railroad, twenty miles westenly of Ossian to Decorah, shall be given when the same shall be completed and ready for use and operation, according to the contract for the construction thereof heretofore made by the party of the drift part whill so far as the same.

first part (Prairie du Chien Company) with the Iowa Rail-road Construction Company.

The party of the first part shall, so far as the same may be practicable, obtain the assent and approval of the holders of the bonds aforesaid to this agreement, and shall cause the holders of bonds so assenting and ap-proving to signify and legally evidence such assent and approval by an endorsement or other proper and suffi-cient memorandum thereof to be made upon said bonds; and holders of said bonds to the amount of \$550,000 shall assent as aforesaid before this agreement shall take effect; and no issue of bonds shall be hereafter made by the party of the first part except subject to this agree-ment.

The cornering of the "Prairie Dog" common stock is severely deprecated by the most reputable members of the Stock Board, and it is expected that it will remain a dead weight in the hands of the clique. The earnings of the road are defuture prespects of the road to warrant the stock selling above forty. One firm settled their contracts in the stock by paying \$125,000 to the clique on Tuesday; but another house has defaulted on its contracts, with a view, it is said, of legally contesting any claims arising therefrom which may be brought against it. The gold market was barely steady. The price opened

relation to the fifty dollar greenback notes:

As I have to handle a great deal of the "United States currency" in the course of my business, could you not call the attention of Mr. Secretary McCulloch to the importance of calling in all the \$50 United States legal tender notes, as the counterfeits of that denomination are very extensive and exceedingly dangerous and well excuted. If they are allowed to circulate by and by we will not be able to distinguish the spurious from the genuine, and therefore it now behooves Mr. McCulloch to protect all his issues and see to it that the people have a sound currency beyond the power of debasement or counterfeiting. The bonorable Secretary of the Treasury, as the case now demands, must withdraw from circulation the \$50 notes above mentioned, and reissue a new note; if he does not it will be impossible to foretell to what extent the country may become floated with them. The only and best way to give satisfaction to all parties is to call them all in immediately.
